

Chief Operating Officer

- Dynamic Professional Services Firm
- Commercial & Strategic Focus
- Executive Level Remuneration Package

With operations in Melbourne and Sydney, this is a truly successful and growing law firm which services the legal needs of middle and larger sized Australian companies and Australian subsidiaries of global companies. The firm has achieved a prominent position in the legal market through a combination of expert legal groups, industry groups and client teams, together with a positive and collegiate working environment.

With an emphasis on driving performance and growth strategy, this position will be responsible for working collaboratively with the partnership in driving inspirational leadership across Finance, IT, HR, Knowledge Management, Facilities and Business Development. You will have a visible impact on the future of this firm through driving profitable growth and championing further market innovation together with operational excellence.

An outstanding leader with a track record of producing innovative outcomes, you will demonstrate a high level of commitment to excellence and communication at all levels. You will also possess advanced influencing skills and inspirational mentoring capabilities, together with a hands-on approach to managing and leading high performance teams. A background in senior financial management and then broader GM/COO roles within a professional services environment is ideal but not essential.

Melbourne based.
